- Medical Coding Auditor

HIM/MEDICAL CODERS HIM/MEDICAL CODING SERVICES

Nearterm offers experienced, credentialed HIM/Medical Coders proficient with your systems. Services can be provided at your facility or remotely. Each engagement is professionally monitored by Nearterm from start to finish. All work is performed domestically.

REMOTE

Typically all Nearterm needs is a brief orientation to your systems and coding requirements prior to the commencement of production coding.

Nearterm will work with you to establish remote connectivity with your systems. Our coders will use your system like an onsite hospital employee would, always in compliance with HIPPA. Many hospitals have taken advantage of this cost effective model.

ON-SITE SERVICES

We work at your facility for as long as it takes to meet your objectives.

CREDENTIALS

- **CCS** - Certified Coding Specialist
- **CIC** - Certified Inpatient Coder
- **COC™** - Certified Outpatient Coder
- **CPC** - Certified Professional Coder
- **CPC-P®** - Certified Professional Coder-Payer
- **RHIT** - Registered Health Information Technologist
- **RHIA** - Registered Health Information Administrator

Backlog Resolution

Nearterm can quickly deploy a team of HIM Coders to eliminate backlogs, fill-in while management focuses on episodic initiatives such as changes in volume, or if you need coders to fill in for any reason (vacation, medical leave, etc.).

Q100 Quality Assurance

In addition to providing the technical resources called for by your situation, a Managing Partner from our firm will provide support at every step of implementation and delivery of services. Your Partner will communicate routinely with you and the Nearterm team or person doing the work to ensure quality. Our Partners are recognized authorities in Revenue Cycle Management.

ASSOCIATIONS

AHIMA - American Health Information Management Association

HFMA - Healthcare Financial Management Association

TAPC - Texas Association of Personnel Consultants

HAAPC - Houston Area Association of Personnel Consultants

AWARDS

TAPC and HAAPC have recognized Nearterm for outstanding contract/temporary service in the Technical/Professional category
